57/22 Homeground

- i. The Committee considered and approved the draft articles for the next edition (February) of Homeground magazine. Cllr Petchey suggested inclusion of information on the warm space initiative in Fishermead. It was also agreed that news of the award from the residents of Fishermead for the Landscape team be included in the Landscape report. Cllr Petchey offered to write a report on the modular homes development.
- ii. Committee reviewed the Autumn edition and had no further comment. It was suggested that we look at placing QR codes in the magazine as a link to articles, however there are concerns that this would exclude those residents who rely on hard copy for their information. Committee agreed that this was not a priority and should be looked at again in the future.

58/22 Working Arrangements for December

In consideration of the next meeting not being scheduled until the end of January and the publication deadline of the next issue of Homeground, Committee agreed that draft articles be circulated via email and any decision-making in the interim period also be made by consensus via email.

59/22 Date of Next Meeting

Tuesday 24th January 2023
